with Inspector M.K. Singh for CBI, Adv. Aditi Phatak for RBI,
Mr Sanjay Shorey, Director (L&P) for MCA.

Per V. P. Singh, Member (Judicial)

ORDER

1. This MA 951/2019 has been filed under Section 12A of Insolvency and Bankruptcy Code, 2016 (**I&B Code**) read with section 60(5) of I&B Code, seeking permission to withdraw the Corporate Insolvency Resolution Process (**CIRP**) initiated against the Corporate Debtor under the admission order dated 11.6.2018 under the Provisions of Section 12A of the Code.
2. Section 12A of the Code provides that "*The Adjudicating Authority may allow the withdrawal of application admitted under section 7 or section 9 or section 10, on an application made by the applicant with the approval of ninety percent voting share of the committee of creditors, in such manner as may be prescribed*".

3. On perusal of the above provision, it is clear that petition under Section 7, 9 or 10 may be withdrawn given the provision of Section 12A provided **in the manner specified**.
4. CIRP Regulation 30A provides how the withdrawal application can be filed. Regulation 30A is given below for ready reference:

" (1) An application for withdrawal under section 12A shall be submitted to the interim resolution professional or the resolution professional, as the case may be, in Form FA of the Schedule before the issue of invitation for expression of interest under regulation 36A.

(2) The application in sub-regulation (1) shall be accompanied by a bank guarantee towards the estimated cost incurred for purposes of clauses (c) and (d) of regulation 31 till the date of application.

(3) The committee shall consider the application made under sub-regulation (1) within seven days of its constitution or seven days of receipt of the application, whichever is later.

(4) Where the application is approved by the committee with ninety percent voting share, the resolution professional shall apply sub-regulation (1) to the Adjudicating Authority on behalf of the applicant, within three days of such approval.

(5) The Adjudicating Authority may, by order, approve the application submitted under sub-regulation (4)".

5. Given the provision of Regulation 30A which specifically deals with the procedure for filing withdrawal application. It is clear that the application under Section 12A shall be submitted to IRP or the RP as the case may be.
6. This MA 951/2019 has been filed by Andhra Bank, i.e. the original petitioner and the Financial Creditor of the Corporate Debtor, Sterling Biotech Ltd.
7. Regulation provides that after receiving the application under Section 12A of the Code, IRP or the RP, as the case may be, in Form FA of the Schedule, **before issue of Expression of Interest under Regulation 36A** shall ensure **that the application is accompanied by the Bank Guarantee towards estimated cost incurred for**

Clause (c) and (d) of the Regulation 31 till the date of application.

8. It is pertinent to mention that CP 490/2017, i.e. Andhra Bank vs Sterling Biotech Ltd was admitted by order of this Tribunal dated 11.6.2018. The RP has filed the status report dated 8.3.2019 wherein it is stated that "the CoC received a revised offer from the promoter of the Corporate Debtor for a one-time settlement (OTS) of the Financial Debt by a letter dated 8.8.2018. The members of the CoC informed the Resolution Professional that they received the OTS offer dated 8.8.2018 letter from the promoters of the Corporate Debtor and the members of the CoC instructed the Resolution Professional to defer the publication of advertisement seeking expression of interests from prospective resolution applicants".
9. Regarding OTS, it is mentioned in the progress report that "under 14th CoC meeting, the CoC members accepted with a requisite majority, the withdrawal of CIRP with a vote of 90.32% cast in favour of withdrawal of the CIRP. The members of CoC received the OTS from the promoters of Corporate Debtor vide their letter dated 8.8.2018. The discussion for OTS between the erstwhile promoters of the Corporate Debtor and the lenders were happening outside the purview of CIRP. The Resolution Professional is given to understand that the representatives of the various members of the CoC were in the process of seeking approvals from their higher management about accepting the OTS since the date of receipt of the OTS offer letter."
10. It is further stated in the progress report that "on 27.2.2019, the Petitioner in the captioned Company Petition viz. Andhra Bank submitted an Application under Form FA as prescribed under Regulation 30A (1) of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations 2016 ("CIRP Regulations") for the withdrawal of the CIRP of the Corporate Debtor. At the 13th meeting of the CoC held on 27.2.2019, the Resolution Professional informed the CoC about the receipt of a Form FA for withdrawal of CIRP of the Corporate Debtor from Andhra Bank and the same was discussed by the members of the CoC. Under discussion, the members of the CoC authorised the Resolution Professional to put the resolution for withdrawal of CIRP of the Corporate Debtor to vote in accordance with section 12A of the Code.

Subsequently. On further deliberation, it was decided by the CoC that in case the resolution for withdrawal of CIRP of the Corporate Debtor fails. The Resolution Professional would put the resolution plan received from ACG Associated Capsules Pvt Ltd (ACG) to vote. The Resolution Professional was directed by the CoC that in case the resolution for withdrawal of the CIRP, as well as the resolution for approval of resolution plan submitted by ACG, fails, then a resolution for liquidation of the Corporate Debtor be put to the vote. Andhra Bank also submitted a **letter of guarantee** dated 27.2.2019 **undertaking to furnish a bank guarantee** of Rupees One Crore towards CIRP costs as provided under Regulation 30A (2) of the CIRP Regulations."

11. It is further stated in the progress report that:

"the resolution stood rejected as it received 89.5% of the affirmative votes of the CoC as against the requisite 90% as prescribed under Section 12A of the Code. As per the directions of CoC, since the resolution for withdrawal of CIRP of the Corporate Debtor did not get the requisite percentage of votes, the resolution plan received from ACG was put to the vote. It emerged that 92.81% of the members of the CoC voted against the resolution plan submitted by ACG.

Since the resolution for withdrawal of the CIRP of the Corporate Debtor as well as the resolution for approval of resolution plan submitted by ACG had failed, as directed by the CoC, the Resolution Professional put a resolution for liquidation of the Corporate Debtor to vote. The resolution authorising the Resolution Professional to file a liquidation application before this Tribunal was put to the vote. The said resolution for liquidation was rejected by 85.58% of the members of the CoC.

*Given the rejection of the resolution above for liquidation by the CoC, the Resolution Professional asked the CoC for directions on the way forward about the CIRP of the Corporate Debtor at the 14th CoC meeting. **Under the discussions in the CoC, Andhra Bank submitted a fresh Form FA dated 5.3.2019 for withdrawal of the CIRP of the Corporate Debtor under Regulation 30A(1) of the CIRP Regulations.** A copy of Form FA dated 5.3.2019 is annexed*

with the application as Exhibit I. The same was supported by a majority of the CoC members, and therefore the Resolution Professional was directed by the CoC to put a fresh resolution for withdrawal of CIRP to vote.

In relation to the OTS offer, the Resolution Professional asked the CoC members to provide him with details of (i) the OTS offer; (ii) sources of funds; (iii) timeframe for payments to each lender; and (iv) compliance with RBI norms; (v) and whether the interest of all stakeholders / CoC members have been provided for under the OTS offer.

In response, the representative of Andhra Bank stated that regarding the OTS offer, the Resolution Professional has to consider the documents submitted to the NCLT at the hearing held on 26.2.2019, as the OTS offer being currently considered by the CoC and further to which withdrawal of CIRP was being sought. A representative of Andhra Bank further informed the Resolution Professional that if the NCLT seek information pertaining to the OTS offer including sources of funds, timeframe for payments to each lender, compliance with RBI norms and whether the interest of all stakeholders / CoC members have been provided for under the OTS offer, the Applicant Andhra Bank and CoC will address all such queries posed by the NCLT directly and not with the Resolution Professional."

12. It is also reported by the Resolution Professional that Resolution Professional put a fresh resolution for withdrawal of CIRP under section 12A to vote on 5.3.2019. The said fresh resolution for withdrawal of CIRP had received 90.32% affirmative votes. A copy of the voting results for the fresh resolution for withdrawal of the CIRP of the Corporate Debtor is annexed with the application as Exhibit J.
13. It is pertinent to mention that after getting the application under Section 12A of the Code, when Resolution professional asked the CoC to provide him with the details of OTS offer, sources of funds, timeframe for payments to each lender, compliance with RBI norms and whether the interest of all stakeholders/CoC members have been provided for under the OTS offer, then Andhra Bank informed the Resolution

professional that they will directly address the issue with the Tribunal and did not submit any information to the Resolution professional.

14. It is also pertinent to mention that in the OTS proposal dated 8.8.2018, it is stated that "the group is exploring to raise funds for OTS proposal from some private group of financial/strategic investors. The same will be used to repay as OTS amount to nationalised Banks."
15. The OTS proposal is attached with the application along with a Form FA which shows that the OTS Proposal is from Mr FarhadDaruwalla who has signed on behalf of Sandesara Group. It is not mentioned in the OTS proposal whether MrFarhadDaruwallahas been authorised by the promoters of the Corporate Debtor to submit the OTS proposal. It is also important to point out that the Corporate Debtor is Sterling Biotech Ltd and no proceeding under IBC,2016 has been initiated against the SandesaraGroup, thus how can the proposal submitted by the Sandesara Group be accepted by the Financial Creditor, is doubtful.
16. It is pertinent to mention that the promoter/ Director of Sterling Biotech Ltd is an absconder and Enforcement Directorate, as well as CBI, is searching for them.
17. By our order dated 26.03.2019, we have issued notices to the Central Government through Regional Director, Ministry of Corporate Affairs, Enforcement Directorate, Income Tax Authority, CBI, SEBI and RBI so that if they want to make any representations they can make the same before passing any order on the MA for withdrawal filed under Section 12 A of the Code.
18. In response to the notices issued on different departments, we have received representation of the Enforcement Directorate wherein it is stated that "the CBI, BS & FC, New Delhi Registered an FIR RCB1/2017/E/007 dated 25.10.2017 u/s 13(2) r/w 13(1)(d) of the Prevention of Corruption Act, 1988 and 120-B r/w 420,467,468,471 and 469 IPC and various accused persons including the promoters of SBL group on the basis of which the Enforcement Directorate, Headquarters Investigation Unit recorded an ECIR bearing number ECIR/HQ/17/2017 to investigate into the offences under PMLA. As the investigations kept unfolding, the role of different accused

persons and determination of various assets which were proceeds of crime/laundered money led to attachment of properties involved in money laundering which is nothing but proceeds of crime to the tune of Rs.4724 crores (approx.) and filing of different prosecution complaints, the last being filed on 23.10.2018 before the Special PMLA court, Patiala House, New Delhi explaining the complicity of the accused persons and the Hon'ble Court after taking cognizance in the matter issued nonBailableWarrants against the accused persons/ promoter of SBL Group on 25.10.2018".

19. It is further stated in the representation that "an application under Fugitive Economic Offender Act, 2018 has been filed before the Hon'ble Special Court of Additional Session Judge, Patiala House Court, New Delhi seeking the tag of fugitive economic offender on Mr. Nitin Jayantilal Sandesara, which will further allow the Enforcement Directorate to confiscate the properties owned by him in his name or has any interest as beneficial owner". It is also pertinent to mention here that the Special Court has taken the cognizance of the said application and issued a notice to Nitin Jayantilal Sandesara and others.
20. It is submitted that, even though the promoters of SBL Group had sufficient funds and resources to avoid declaration of the Bank loans as Frauds subsequent to the classification as Non-Performing Assets, they, in active connivance with each other and other persons, laundered the funds for their personal advantage and use, through a complex web of shell/ benami companies controlled and managed by them through dummy/paper directors who were/are their employees, and bought certain properties. This gives strength to the fact that funds were available to pay off the bank loans, but the same were diverted and syphoned off, and thereby cheated the banks.
21. It is further stated by the Enforcement Directorate that "the properties provisionally attached are the proceeds of crime, and as per the Doctrine of Priority of precedence enshrined in the Constitution of India, the State will have first right to confiscate the proceeds of crime over the right of person to recover their debts from an accused. It is also based on the necessity of Public Policy that if the proceeds of the crime are not confiscated by the state, then the criminal will have free play by mortgaging such proceeds with

different persons, thereby, threatening the very existence of a civilised society".

22. It is further submitted by the Enforcement Directorate that "the main object of Insolvency and Bankruptcy Code, 2013 and PMLA are distinct and different from each other. The PMLA has been enacted by the Parliament to address the cause of international convention. Besides that the Insolvency and Bankruptcy Code, 2016 does not deal with the Proceeds of Crime at any stretch of the imagination. Thus, the Civil Law cannot be given precedence over criminal law such as PMLA, 2002 and cannot override the Criminal Law at any stretch of the imagination".
23. It is further submitted by the Enforcement Directorate that "there are already specific provisions provided under the PMLA for the restoration of any attached assets to the rightful claimant by the concerned Special PMLA Court".
24. In response to our notice, Respondent no.3, i.e. Regional Director, Western Region, Ministry of Corporate Affairs, Mumbai has filed a short affidavit stating that Section 12A of the Insolvency and Bankruptcy Code, 2016 read with regulation 30A of the IBBI (CIRP) Regulations, 2016 specifically deals with the withdrawal of CIRP after admission. Section 12A provides that CIRP can be withdrawn after admission if the same is approved by 90% voting share of the Committee of Creditors. Regulation 30A imposes an additional condition for withdrawal of CIRP that such application shall be filed before the issue of invitation for expression of interest under Regulation 36A.
25. It is also stated by the Central Government that the OTS Proposal is from Mr FarhadDaruwalla who has signed on behalf of Sandesara Group, wherein the promoters of the Sandesara Group is reportedly absconding and facing several criminal charges before various law forums. The issue raised in the captioned order on which response of answering respondent has been sought inter-alia raises an important question of law;
26. **Whether there can be a valid agreement/ contract between parties where a party is "absconder", i.e. Promoters of Sandesara Group and represented through MrFarhadDaruwalla?**

27. In this regard, it is stated that the pre-requisite conditions for a valid contract are lawful offer and acceptance thereof which is enforceable by law. In the instant case, the offer is from a representative of "absconder" whose whereabouts cannot be verified and the person so called authorised to represent absconder MrFarhadDaruwala is acting as an agent of the absconder who has not submitted any details of the absconder. Thus there cannot be binding contract enforceable by law in the present case within the meaning of the Contract Act, 1872.
28. It is further stated by the Central Government that provisions of Section 10 of the Contract Act, 1872 is that **"all agreements are contracts if they are made by the free consent of parties competent to contract, for a lawful consideration and with a lawful object, and are not hereby expressly declared to be void."** Further Section 23 of the Contract Act, 1872 stipulates **"What consideration and objects are lawful, and what not—The consideration or object of an agreement is lawful, unless—it is forbidden by law; or is of such a nature that, if permitted, it would defeat the provisions of any law; or is fraudulent; or involves or implies, injury to the person or property of another; or the Court regards it as immoral, or opposed to public policy. In each of these cases, the consideration or object of an agreement is said to be unlawful. Every agreement of which the object or consideration is unlawful is void."**
29. It is further stated that the Resolution Professional submitted that a new resolution for withdrawal of CIRP under Section 12A was put to the vote on 05.03.2019. The said fresh resolution for withdrawal of CIRP had received 90.32% affirmative votes. Thereafter, when the Resolution Professional asked the CoC to provide him with the details of One time Settlement (OTS) offer, sources of funds, the timeframe for payments to each lender, compliance with RBI norms and whether the interest of all stakeholders/ CoC members have been provided for under the OTS offer, then Andhra Bank, Financial Creditor informed that they will directly address the issue with the Tribunal and did not submit any information to the Resolution Professional.
30. We have also received MA 1519/2019 on 22.04.2019, seeking the intervention in the matter between the Petitioner and Respondent and further direction has been sought to the CoC to reconsider the Resolution Plan submitted by the Applicant if this tribunal does not accept the Resolution plan moved by the Petitioner.

31. It is stated in the application that if the withdrawal application of the Petitioner is rejected by this Tribunal then the Corporate Debtor under provisions of section 33 (1) of the Code, shall be placed in the liquidation. The Applicant states that the Liquidation of the Corporate Debtor would not be beneficial to either the Corporate Debtor or its Financial and Operational Creditor.
32. It is further stated in the intervening application that if the withdrawal application is not accepted by this tribunal, the applicant's plan ought to be voted upon by the CoC once again and the Corporate Debtor ought not to be allowed to go into liquidation.
33. It is stated in the application that Liquidation will result in unemployment of the employees of the Corporate Debtor. It is further submitted that upon liquidation of the Corporate Debtor, 800 employees would stand to be discharged.
34. It is further stated that the objective of the Code is resolution and therefore if there is a viable and interested investor, liquidation should not be the route the Corporate Debtor is forced to go down.
35. In this circumstance, by Intervening application MA 1519/2019 ACG Associated Capsules Private Limited, the applicant has sought direction against the CoC for reconsidering once again the plan submitted by the applicant in case the withdrawal application is not accepted.
36. About the MA 1519/2019, it must be noted that the CIRP period is already over on 08.03.2019. The Application is filed on 22.04.2019 that is belated. Further, in light of the judgment of Hon'ble Supreme Court in K. Sashidhar vs Indian Overseas Bank &Ors. (Civil Appeal No.10673 Of 2018 dated 05.02.2019) where it was held that

"Concededly, if the objection to the resolution plan is on account of infraction of ground(s) specified in Sections 30(2) and 61(3), that must be specifically and expressly raised at the relevant time. For, the approval of the resolution plan by the CoC can be challenged on those grounds. However, if the opposition to the proposed resolution plan is purely a commercial or business decision, the same, being nonjusticiable, is not open to challenge before the Adjudicating Authority (NCLT) or for that matter the Appellate Authority (NCLAT). If so, nonrecording of any

reason for taking such commercial decision will be of no avail."

Therefore, in light of the above judgment, there can be no direction to the CoC to reconsider the Resolution Plan. This MA 1519/2019 is rejected at the outset.

37. Andhra Bank has filed an additional affidavit on 12.03.2019 to place on record the additional documents and information in support of the due diligence and cautious approach adopted by the Applicant and the other secured lenders of the Corporate Debtor while approving the OTS proposals given by the erstwhile management of the Corporate Debtor in the additional affidavit. It is stated that the OTS proposal submitted by the erstwhile management of the Corporate Debtor, payments to the tune of USD 24,454,966.61 (towards upfront amounts) have been made to the lenders of the Corporate Debtor towards initial payment against the OTS proposal. A Chart of the payments made to the lenders of the Corporate Debtor against the OTS proposal as prepared by the applicant is annexed as "Annexure-1" with the additional affidavit. A chart of the payments made to the lenders as prepared by the representatives of the Corporate Debtor is annexed with the additional affidavit as "Annexure B". Copies of the SWIFT messages and a Circular dated 8th June 2016 bearing No. SPL-09/2016 issued by the Foreign Exchange Dealers' Association of India are annexed with the additional Affidavit as Annexure 2A&2B respectively.
38. It is further stated in the additional affidavit that vide letter dated 26.12.2018 (Annexed at Page 73 of the MA) signed by Mr Nitin Sandesara, the Applicant has been informed that the promoter group is proposing to invest about 20% of the settlement amount which is about USD 700 Million, from its cash flow sources from its business in Nigeria and further, has identified investors who have shown their interest in investing.
39. It is further stated in the additional affidavit that Applicant with the secured lenders have approved the OTS proposal given by the erstwhile management of the Corporate Debtor which offers to pay substantial amounts. It is further stated that vide a majority vote share of 90.32% of the Committee of Creditors of the Corporate Debtor, Form FA submitted by the Applicant for withdrawal of the

CIRP initiated against the Corporate Debtor (as per regulation 30A of the CIRP Regulations), has been approved.

40. It is further stated that in terms of the Minutes of meeting dated 05.03.2019 as requested by the Resolution Professional, the answers to the queries raised therein are as under:

(a) Query1: Details of the OTS Offer-

I say that the OTS proposal and the letters addressed by the erstwhile management of the Corporate Debtor are annexed as Exhibit - C (At page 50 onwards of the Miscellaneous Application).

(b) Query 2: Sources of Funds-

I say that at the cost of repetition, vide a letter dated 23th December 2018 (annexed at page 73 of the Miscellaneous Application), signed by Mr Nitin Sandesara, the Applicant has been informed that the promoter group is proposing to invest about 20% of the settlement amount which is about USD 700 Million, from its cash flow sources from its business in Nigeria and further have identified investors who have shown their interest in investing which shall be the sources of funds to make payments to the financial creditors under the OTS Proposal:

(c) Query 3: Timeframe for payments to each lender and compliance with RBI norms:-

I say that the promoters initially requested to make payment under the OTS proposal by March 2019, however, by oral requests, the promoters have requested to make the payments under the OTS proposal by 30th June 2019. I say that the approval of the OTS proposal conforms with the Circular No.

LEGAL/CIR/655 dated 8th June 2009 issued by the Indian Bank's Association which permits banks to enter into a settlement without in any way affecting the criminal action taken against borrowers, which shall continue. This has also been followed by the Applicant Bank in its internal policy dated 4th August 2016 (Circular No. 185 bearing Ref. No. 45/8) Further, whilst approving the OTS proposal vide its sanction letter dated 5th November 2018, the Applicant has clearly made a condition that the approval/ sanction of the OTS shall not in any way affect the ongoing criminal proceedings against the Corporate Debtor/ its erstwhile management. Copies of the said Circular dated 8th June 2009 issued by the India Bank's Association, the Applicant's internal policy dated 4th August 2016 and the OTS sanction letter dated 5th November 2018 are annexed hereto and marked as "Annexures-5A to 5C", respectively.

(d) Query 4. Whether the interest of all the stakeholders/ CoC members has been provided under the OTS offer.

I say that the present Miscellaneous Application has been filed under the provisions of Section 12A of the code read with Regulation 30A of the CIRP Regulations 2016 for withdrawal of the CIRP process initiated against the Corporate Debtor under the approval of 90.32% of the CoC. I say that such withdrawal shall not, prejudicially or otherwise, in any manner affect the rights of the stakeholders of the Corporate Debtor. I repeat and reiterate that the sanction of the OTS proposal shall also not affect/ Come in between the ongoing criminal proceedings initiated against the Corporate Debtor.

41. It is further stated by the Applicant that the Applicant and the other secured lenders have conducted all due diligence in the matter, being conscious of the fact that there are ongoing criminal proceedings pending against the promoter/ ex-directors of the Corporate Debtor. Hence the applicant while sanctioning the OTS proposal (vide its letter dated 05.11.2018 annexed at Exhibit-J at Page 140 of the Miscellaneous Application) has stipulated that **"the settlement agreed between the parties shall not in any way affect or be construed as settlement of the ongoing/ impeding criminal cases"** the settlement compromise entered into with the Corporate Debtor will not affect/ prejudice the ongoing criminal proceedings initiated by the various authorities against the Corporate Debtor/ its Promoters and suspended Directors.
42. From the perusal of the documents submitted, it is noted that the OTS proposal was originally addressed vide a letter dated 08.08.2018 and the payments should have been received by 31.03.2019. However, the banks have so far received not even 6% of the total OTS amount proposed. Further, the amount to be invested by the identified investors, their names, sanction granted by those investors, their financial credibility/strength is also not submitted which again casts doubt on the OTS proposal submitted by the promoters. It is also noted that the promoters could not fulfil their commitments before 31st March 2019 and orally sought for extension up to 30.06.2019 which was agreed by the CoC. Thus, the entire events cast doubts on the fulfilment of the OTS proposal.
43. In response to our notice, Reserve Bank of India has filed representation wherein it is stated that Reserve Bank of India has issued circular dated 28th July 2015 on **"Compromise or Negotiated Settlement of Non-Performing Assets (NPAs)."** This circular contains broad guideline to be followed by Banks while entering into compromise settlement of NPAs with the consent of the borrowers. Paragraph 3 (b) of the circular state that at the time of entering into compromise settlements, a proper distinction needs to be made between willful defaulters and the borrowers defaulting in payment due to circumstance beyond their control. Further, it is sated by the RBI that any transaction by a Bank including receipt of money for a compromise settlement, shall be subject to and in full compliance with due diligence requirement under Know Your Customer anti-money laundering guidelines, provisions of the Prevention of Money

Laundering Act, 2002. However, RBI has not submitted its stand but only apprised us regarding its Circular in this respect. Copy of the circular is also attached with the reply of RBI. Response received from RBI is of no significance.

44. The Ld. Senior Counsel Mr Gaurav Joshi vehemently argued in support of the withdrawal application filed by the Andhra Bank and submitted that the applicant/other banks are responsible/answerable only to the RBI who is the regulator of banking sector and the submissions/arguments of the other enforcement agencies such as ED/CBI is of not much relevance to the current MA 951/2019. In response to our notice, RBI has submitted only a circular, and no comments were offered about the withdrawal application submitted by Andhra Bank. Therefore, during the hearing, the Bench has directed the Counsel of RBI to obtain the specific comments/stand of RBI considering the submission of the Ld. Senior Counsel for the Andhra Bank and also the sensitivity, the importance attached to the issue and the concern being raised by this Bench. However, the counsel for the RBI during the next date of hearing simply reiterated its previous submissions. Therefore, the Bench did not receive any specific input/regulatory assistance from RBI.
45. During the hearings, the bench had also sought for a copy of Foreign Inward Remittance Certificate (FIRC) from Andhra Bank for having received the funds from the promoter who are currently abroad, and the bank submitted that they would submit the copy of the FIRC shortly /within an hour. However, during the next hearing, the bank has taken a complete U-turn and stated that as per the circular, FIRC is not applicable for investments of OTS proposal and the same is applicable only for investments made through FPI/FII.
46. The Bench has also noted that the other arms of Government/Enforcement Agencies opposed the withdrawal application of Andhra Bank. However, the Public Sector Banks who is also part of the government insisted on accepting the OTS proposal.
47. In response to our notice, SEBI has filed its representation stating that on 08.03.2019 the Committee of Creditors (COC) voted to withdraw the present Petition against the Respondent Company after accepting the OTSoffer. SEBI has also noted that the said offer was made by Shri. FarhadDaruwalla signed on behalf of the "Sandesara Group" and not by Sterling Biotech Ltd wherein there were no

proceedings under the IBC Code, 2016 initiated against Sandesara Group.

48. In the light of aforesaid, SEBI has represented the case relating to the GDR issue of the Respondent Company which is pending with SEBI. Brief details about the said case and its current status are in the report. Since Sterling Bio-Tech Ltd is a listed company, the comments of SEBI was also sought. SEBI has also not assisted the Tribunal with its specific inputs/comments on the issue.
49. It is further stated that proceedings under Section 11B of the SEBI Act have been initiated against the Respondent Company, its Directors, viz. Shri Nitin Sandesara, Shri Chetan Sandesara, Shri Rajbhushan Dixit, Shri Narendra Patel, Shri Vilas Joshi, Shri PB Mehta and Fresia. A Show-Cause Notice dated 05.03.2018 under Section 11B of the SEBI Act, was issued to the entities above, and SCNA to the Company and its directors Shri Chetan Sandesara, Shri Nitin Sandesara were served by way of affixture at the last known address. Adjudication proceedings under Section 15 HA of the SEBI Act have been initiated against the Company and its directors, subsequent three notices, i.e. Shri Vilas Joshi, Shri P B Mehta and Shri Rajabhushan Dixit, have applied for settlement and the same is under process with the Settlement Division of SEBI. The prosecution under Section 24(10) of the SEBI Act has also been initiated against two directors, i.e. Chentan Sandesara and Shri Rajbhushan Dixit for violation of section 11C (5) of the SEBI Act.
50. Shri Rajbhushan Dixit is in the process of filing of a compounding application in respect of SEBI Special Case No. 100011/2018, pending before the SEBI Special Court apart from the proceedings above, SEBI has initiated investigation against one of the subsidiaries of the Respondent Company and therefore Directors who are also directors of the Respondent Company.
51. SEBI has brought to the notice of this Tribunal details of the proceedings initiated by SEBI against the Respondent Company. However, the action of the SEBI against the Respondent Company is not of any significance because we are not concerned with the action taken by the SEBI against the Respondent Company.
52. Another Intervention Application being MA 1642/2019 is filed on 26.04.2019 by Madison Pacific Trust Limited (**Madison**), who is a

constituted trustee of the Bond holders of FCCB issued by the Corporate Debtor and that this application is made in the interest of the entire class of Bond holders. The Madison is admittedly a Financial Creditor of the Corporate Debtor. The prayer clause of the said application seeks permission to Madison to intervene in the proceeding for approval of the resolution plan, directions for rejection of the withdrawal application filed under section 12A, direct Resolution Professional to revise the claim of Madison from USD 261,484,308/- equivalent to ₹18,039,880,854/- at the reference exchange rate of 68.9903 on 25.03.2019 and not to appoint the present Resolution Professional as liquidator in case liquidation is ordered.

53. The Madison has alleged that the Resolution Professional did not revise and notify the revised claim, causing it wrongful harm and prejudice. It is submitted that the Madison submitted its claim in Form C for the principal amount of ₹13,545,149,286/- at an exchange rate of 67.3353 on 11.06.2018. On 27.03.2019 the Madison submitted a revised Form C for claim submission in respect of the Bonds which have matured on 25.03.2019 and yet to be redeemed for an amount of ₹18,039,880,854/-.
54. The Madison has submitted that it had submitted its claim in July 2018 under the impression that it could only claim for the principal amount and not the redemption value. This, it has admitted, was a mistake on its part. When it was informed that it was entitled to claim the entire redemption value and not only the principal value, it filed the revised Form C on 27.03.2019. The Resolution Professional has rejected the revised claim application of the Madison.
55. The Resolution Professional has filed its affidavit in reply to the application of the Madison opposing the reliefs sought, inter alia, on the grounds that contrary to the submission of the Madison that it represents all the Bond Holders as one unit, 5 of the Bond Holders have in fact voted in favour of the withdrawal of the CIRP whereas some have opposed the withdrawal application and some have abstained from voting. Thus, the locus of Madison to apply on behalf of all the bond holders as one single unit is itself not established.
56. About the intervention application filed by Madison, it is pertinent to note that the last date for CIRP period was 08.03.2019 and the revised Form C for revision of its claim amount was submitted to the

Resolution Professional only on 27.03.2019. Further, the said revision is filed on account of the admitted mistake of the Madison. Clearly, the claim filed by the Madison is belated and given the current stage of the CIRP when the 270 days' statutory period is over, and a withdrawal application under section 12A is under consideration, the present application being MA 1642/2019 cannot be allowed and hereby rejected at the outset.

57. We have heard the argument of the Ld. Senior Counsel Mr. Gaurav Joshi representing the Applicant, Andhra Bank, Ld. Sr. Counsel Mr. Janak Dwarkadas representing the Resolution Applicant, Ld. Sr. Counsel Mr. Vikram Chaudhri for the promoters, Ld. Counsel Mr. Zal Andhyarujna for Resolution professional, Counsel representing the SEBI, Enforcement Directorate, Reserve Bank of India, CBI Director (Prosecution & Legal) representing Union of India, MCA.
58. The MA 951/2019 has been filed by the Andhra Bank under Section 12A read with Section 60(5) of the I&B Code, seeking permission to withdraw CIRP initiated against the Corporate Debtor. Section 12A of the Code provides that *"the Adjudicating Authority may allow the withdrawal of application admitted under Section 7 or section 9 or section 10 on an application made by the applicant with the approval of 90% voting share of the Committee of Creditors, in such manner as may be prescribed."*
59. Regulation 30 (A) provides that *"an application for withdrawal under Section 12A shall be submitted to the interim resolution professional or the resolution professional, as the case may be, in Form FA of the Schedule before the issue of invitation for expression of interest under regulation 36A"*. The regulation further provides that if the application is approved by the CoC with 90% vote share, the Resolution Professional shall submit the application under sub-regulation (1) to the Adjudicating Authority on behalf of the applicant, within three days of such approval. Further Regulation provides that adjudicating authority **may**, by order, approve the application submitted under sub-regulation (4). **The use of the word "may" in Sec 12A of the Code indicates that, if an application is filed under Section 12 A, and CoC approves it with 90 per cent voting share, then the Adjudicating Authority may allow the withdrawal application, in such manner as specified.**

60. Thus it is clear that section 12A of the Code stipulates that the **Adjudicating Authority has the discretion to accept or reject the application**, filed under Section 12A, provided that application is made by the applicant with the approval of 90% vote share of the CoC.
61. Regulation 30A of CIRP Regulations, 2016 **provides the procedure by which application under Section 12A can be filed. Regulation 30A provides that application under Section 12A should be filed in Form FA before issuance of an invitation for expression of interest.**
62. **Hon'ble Supreme Court in case of Swiss Ribbons Pvt. Ltd. and Ors. Vs. Union of India (UOI) and Ors. (Writ Petition (Civil) No. 99 of 2018 order dated 25.01.2019) has upheld the constitutional validity of Sec 12A of the Code and held that:**

"29.1 Under Rule 8 of the CIRP Rules, the NCLT may permit withdrawal of the application on a request by the applicant before its admission. However, there is no provision in the Code or the CIRP Rules in relation to the permissibility of withdrawal post admission of a CIRP application. It was observed by the Committee that there have been instances where on account of settlement between the applicant creditor and the corporate debtor, judicial permission for withdrawal of CIRP was granted [Lokhandwala Kataria Construction Pvt. Ltd. v. Ninus Finance & Investment Manager LLP, Civil Appeal No. 9279 of 2017; Mothers Pride Dairy India Private Limited v. Portrait Advertising and Marketing Private Limited, Civil Appeal No. 9286/2017; Uttara Foods and Feeds Private Limited v. Mona Pharmaceuticals, Civil Appeal No. 18520/2017]. This practice was deliberated in light of the objective of the Code as encapsulated in the BLRC Report, that the design of the Code is based on ensuring that "all key stakeholders will participate to collectively assess viability. The law must ensure that all creditors who have the capability and the willingness to restructure their liabilities must be part of the negotiation process. The liabilities of all creditors who are not part of the negotiation process must also be met in any negotiated solution." Thus, it was agreed that once the CIRP is initiated, it is no longer a proceeding only between the applicant creditor and the corporate debtor but is envisaged to

be a proceeding involving all creditors of the debtor. The intent of the Code is to discourage individual actions for enforcement and settlement to the exclusion of the general benefit of all creditors.

29.2 On a review of the multiple NCLT and NCLAT judgments in this regard, the consistent pattern that emerged was that a settlement may be reached amongst all creditors and the debtor, for the purpose of a withdrawal to be granted, and not only the applicant creditor and the debtor. On this basis read with the intent of the Code, the Committee unanimously agreed that the relevant Rules may be amended to provide for withdrawal post admission if the CoC approves of such action by a voting share of ninety per cent. It was specifically discussed that Rule 11 of the National Company Law Tribunal Rules, 2016 may not be adopted for this aspect of CIRP at this stage (as observed by the Hon'ble Supreme Court in the case of *Uttara Foods and Feeds Private Limited v. Mona Pharmaceum*, Civil Appeal No. 18520/2017) and even otherwise, as the issue can be specifically addressed by amending Rule 8 of the CIRP Rules.

This Court, by its order dated 14.12.2018 in Brilliant Alloys Pvt. Ltd. v. Mr. S. Rajagopal and Ors., SLP (Civil) No. 31557/2018, has stated that Regulation 30A(1) is not mandatory but is directory for the simple reason that on the facts of a given case, an application for withdrawal may be allowed in exceptional cases even after issue of invitation for expression of interest Under Regulation 36A.

52. It is clear that once the Code gets triggered by admission of a creditor's petition Under Sections 7 to 9, the proceeding that is before the Adjudicating Authority, being a collective proceeding, is a proceeding in rem. Being a proceeding in rem, it is necessary that the body which is to oversee the resolution process must be consulted before any individual corporate debtor is allowed to settle its claim. A question arises as to what is to happen before a committee of creditors is constituted (as per the timelines that are specified, a committee of creditors can be appointed at any time within 30 days from the

date of appointment of the interim resolution professional). We make it clear that at any stage where the committee of creditors is not yet constituted, a party can approach the NCLT directly, which **tribunal may, in the exercise of its inherent powers Under Rule 11 of the NCLT Rules, 2016, allow or disallow an application for withdrawal or settlement. This will be decided after hearing all the concerned parties and considering all relevant factors on the facts of each case.**

53. The main thrust against the provision of Section 12A is the fact that ninety per cent of the committee of creditors has to allow withdrawal. This high threshold has been explained in the ILC Report as all financial creditors have to put their heads together to allow such withdrawal as, ordinarily, an omnibus settlement involving all creditors ought, ideally, to be entered into. This explains why ninety per cent, which is substantially all the financial creditors, have to grant their approval to an individual withdrawal or settlement. **In any case, the figure of ninety per cent, in the absence of anything further to show that it is arbitrary, must pertain to the domain of legislative policy, which has been explained by the Report (supra). Also, it is clear, that Under Section 60 of the Code, the committee of creditors do not have the last word on the subject. If the committee of creditors arbitrarily rejects a just settlement and/or withdrawal claim, the NCLT, and thereafter, the NCLAT can always set aside such decision Under Section 60 of the Code. For all these reasons, we are of the view that Section 12A also passes constitutional muster."**

63. On the basis law laid down by Hon'ble Supreme Court, it is clear that jurisdiction of NCLT regarding Sec 12A of the Code is discretionary and the Tribunal may also disagree with the CoC's arbitrary decision. The use of the word **"may allow the withdrawal application"** in Section 12A of the Code, itself indicates the discretionary power of the Tribunal.
64. In Swiss Ribbons (supra) Hon'ble Supreme Court has further tested the constitutional validity of Sec 29A of the Code and has observed that:

"...Similarly in Chitra Sharma v. Union of India, Writ Petition (Civil) No. 744 of 2017 [decided on 09.08.2018], Hon'ble Supreme Court observed as follows:

"31..... Parliament has introduced Section 29A into the IBC with a specific purpose. The provisions of Section 29A are intended to ensure that among others, persons responsible for insolvency of the corporate debtor do not participate in the resolution process....."

32..... The Court must bear in mind that Section 29A has been enacted in the larger public interest and to facilitate effective corporate governance. Parliament rectified a loophole in the Act which allowed a backdoor entry to erstwhile managements in the CIRP. Section 30 of the IBC, as amended, also clarifies that a resolution plan of a person who is ineligible Under Section 29A will not be considered by the CoC....."

65. In the above-mentioned case, the Hon'ble Supreme case observed that:

"given the categories of persons who are ineligible Under Section 29A, which includes persons who are malfeasant, or persons who have fallen foul of the law in some way, and persons who are unable to pay their debts in the grace period allowed, are further, by this proviso, interdicted from purchasing assets of the corporate debtor whose debts they have either wilfully not paid or have been unable to pay. The legislative purpose which permeates Section 29A continues to permeate the Section when it applies not merely to resolution applicants, but to liquidation also. Consequently, this plea is also rejected.

It is clear that Section 29A goes to eligibility to submit a resolution plan. A willful defaulter, in accordance with the guidelines of the RBI, would be a person who though able to pay, does not pay. An NPA, on the other hand, refers to the account belonging to a person that is declared as such under guidelines issued by the RBI."

66. Hon'ble Supreme court further observed that "the legislative policy, therefore, is that a person who is unable to service its debt beyond the grace period referred to above, is unfit to be eligible to become a resolution applicant."
67. Since section 29 A of the Code specifically prohibits a willful defaulter to submit a Resolution Plan. In this case, admittedly promoters of the Corporate Debtor are a willful defaulter, and therefore, they are not eligible to submit a Resolution Plan as per section 29 A.
68. The question which is hammering to our conscious is regarding the consequences of accepting application u/s 12A of the Code in the instant case. After permitting withdrawal of the CIRP process the promoters of the corporate debtor, i.e.SBL will again get control over the corporate debtor company at a discount. The Union of India through the Ministry of Corporate Affairs has opposed the application on the pretext that the promoters of the corporate debtor SBL are a willful defaulter and absconders. Undoubtedly promoters of the corporate debtor SBL are ineligible U/S 29A of the Code. The Hon'ble Supreme Court has also held in Swiss Ribbons (*supra.*) case that "the legislative policy, therefore, is that a person who is unable to service its debt beyond the grace period, is unfit to be eligible to become a resolution applicant,..... The Court must bear in mind that Section 29A has been enacted in the larger public interest and to facilitate effective corporate governance. Parliament rectified a loophole in the Act which allowed a backdoor entry to erstwhile managements in the CIRP. "
69. It is pertinent to mention that if we allow the application U/S 12 A of the Code the promoters of the corporate debtor will get management and control of the company under the guise of Sec 12A of the Code whereas statutory provision of Sec 29A prohibits them.
70. In the instant case, 270 days of CIRP period ended on 08.03.2019. MA 951/2019 has been filed for withdrawal on 08.03.2019, i.e. the last date for completion of CIRP. After getting the application under Section 12A of the Code, when Resolution professional asked the CoC to provide him with the details of OTS offer, sources of funds, timeframe for payments to each lender, compliance with RBI norms and whether the interest of all stakeholders / CoC members have been provided for under the OTS offer, then Andhra Bank informed

the Resolution professional that they will directly address the issue with the Tribunal and did not submit any information to the Resolution professional. Thus it is clear that provision of Regulation 30A was not completed at the time of submission of application. Regulation 30A which specifically provides that the application for withdrawal under Section 12A shall be submitted to the IRP or the Resolution Professional as the case be in Form FA of the schedule before issuing of invitation for expression of interest under regulation 36A. There are no exceptional circumstances where we should accept application U/S 12A, after inviting expression of interest, in contravention of Regulation 36A of CIRP Regulations. Allowing the application of willful defaulters/absconders U/S 12 A will be an act in violation of Sec 29A of the Code.

71. It is also pertinent to mention that the so-called OTS as mentioned by the Financial Creditor applicant Andhra Bank is also a type of Resolution Plan. In the alleged plan /OTS it is stated that the promoter group is proposing to invest about 20% of the settlement agreement which is about USD 700 million, from its cash flow sources from its businesses in Nigeria. Further, the promoter group has also identified investors who have shown their interest in investing which shall be the source of funds to make payment to the Financial Creditors under OTS Proposal. As per the one-time settlement, they had given a plan to make the upfront payment by 30.6.2019. Thus, it is also a type of Resolution Plan to get the management and control of the Company by the willful defaulters, which is contrary to the provision of Sec 29A of the Code.
72. Here promoters are absconders and the source of funds are not disclosed to the Resolution Professional. When the Resolution Professional inquired about the source of funds, timeline of payment to each lender or explanation of RBI norms and interest of each stakeholder in the OTS, then CoC informed that they would address this issue to the Adjudicating Authority.
73. However, it is also clear that from the additional affidavit filed by the Andhra bank on 12.3.2019, i.e. four days after expiry of the 270 days it is submitted that "promoters **initially requested to make payments under the OTS proposal by March 2019**". However, by oral requests, the promoters have requested to make the payments under OTS proposal by 30.06.2019. The approval of the OTS proposal

conforms with the circular dated 8.06.2009 issued by the Indian Bank's Association. Thus it is clear that by OTS proposal promoters are not making any upfront payment. As per the one-time settlement, they had given a plan to make the upfront payment by 30.6.2019. It is stated in the additional affidavit that the applicant has been informed that the promoter group is proposing to invest about 20% of the settlement agreement which is about USD 700 million, from its cash flow sources from its businesses in Nigeria. Further, the promoter group has also identified investors who have shown their interest in investing which shall be the source of funds to make payment to the Financial Creditors under OTS Proposal. The details of the source of funds which is given in the additional Affidavit dated 12.03.2019, shows that a resolution plan in the name of OTS is filed on behalf of willful defaulter who is ineligible to submit a Resolution Plan U/S 29A of the Code.

74. If we allow the application, then it will be a gross misuse of the provision of section 12A, by the person, who is not eligible to file an application U/S 29A and get control over the Company under the guise of Section 12A of the Code. The stand taken by the Union of India is commendable despite that the CoC has arbitrarily approved the Resolution Plan under the guise of an OTS with 90.32% of voting share, without even verifying the source of funds.
75. In the entire scenario, we highly appreciate the stand taken by the Government of India, the Ministry of Corporate Affairs, which states that "the OTS Proposal of Mr Farad Daruwalla who has signed on behalf of the Sandesara Group, wherein the promoter of the Sandesara Group is reportedly absconding and facing several criminal charges before the various forums.
76. Union of India has also pointed out that an important question of law is that, can there be a valid agreement/ contract between the parties, where one party is **absconder**, i.e. promoters of Sandesara Group and represented through Mr Farhad Daruwalla. The prerequisite condition for a valid contract is lawful offer and acceptance thereof which is enforceable by law. In the instant case, the offer is from the representative of **the absconder**, whose whereabouts cannot be verified. The person so called authorised to represent absconders, Mr Farhad Daruwalla, is an agent of the absconders, who has not submitted any detail of the absconders. Thus, there cannot be

binding contract enforceable by law in the present case within the meaning of the Contract Act. Section 10 of the Contract Act, provides that all Agreement are Contract if they are made by the free consent of the parties competent to contract, for a lawful consideration and with a lawful object, and are not hereby expressly declared to be void."Section 23 of the Contract Act stipulates that the consideration or object of an agreement is lawful, unless it is forbidden by Law; or is of such a nature that, if permitted, it would defeat the provision of any law; or fraudulent; or involves or implies, injury to the person or property of another; or the court regards it as immoral or opposed to public policy.

77. We also record our appreciation of Enforcement Directorate and CBI apart from MCA for their inputs/timely assistance in this significant and complicated issue at the same time we also note that the Bench did not receive expected input/assistance from the Banking sector regulator RBI.
78. It also appears that the instant case is an attempt by the promoters to defeat the legislative provisions of section 29A under the guise of OTS with approval of 90.32% vote share of CoC. This also raises doubt about the functionality of the CoC. Such an act of CoC can never be treated as an act of commercial wisdom.
79. The resolution for withdrawal of CIRP did not obtain the required percentage of voting by the members of CoC, i.e. 90% at the first instance. Subsequently, a CoC meeting was conducted, and a resolution was voted upon for reconsideration of the withdrawal. The RP/CoC has not quoted the exact provision that empowers them to again put for the voting of the resolution which was earlier defeated.
80. During the hearings when the Bench inquired about the depositing the OTS amount in an escrow account, the counsel appearing for the Sandesara group did not give any positive affirmation.
81. It is also important to point out that the CoC was interested in getting their money but without verifying the source of funds. If such a plan is approved in the guise of OTS under Section 12A, then this will defeat the statutory provision of Section 29 A and promoter will get the control of the Company at a discount of approximately 64% a sum of Rs 3110 crores as against a total claim of Rs 9053 crores. It is also important to point out that during CIRP under Insolvency Law,

so many stressed assets are subjected to the bidding process. It is also to be clarified that Section 12A of the I&B Code is not a substitute of section 29A, where a promoter/willful defaulter of the company, who becomes unsuccessful in getting control of the Company on account of the legal bar created by Sec 29A, may again get the management and control of the company under the guise of Sec 12 A of the Code. We are therefore of the considered opinion that the application deserves to be rejected.

ORDER

MA951/2019 filed U/S 12 A of the Code is rejected. The amount which has been deposited by absconder /promoters under OTS shall not be released to the applicant.

In this case, no Resolution Plan has been approved to date despite completion of CIR period. Resolution Professional has not filed an application under Section 33 for liquidation of the Company which is a clear cut violation of the statutory provisions of I&B Code.

This Bench having not received any resolution plan under sub-section (6) of section 30 before the expiry of the Corporate Insolvency Resolution Process period or the maximum period permitted for completion of the corporate insolvency resolution process under section 12, there remains no other option but to order for liquidation of this company as envisaged under Section 33(1) of I&B Code and the Regulations thereof. Since no Resolution Plan has been approved within the statutory period of 270 days, therefore, we are passing the order of the Liquidation of the Corporate Debtor on a going concern basis as under:

- a. As the Corporate Debtor is a going concern employing more than 800 employees, it is hereby directed that the Corporate Debtor be liquidated as per provisions of Regulation 32(b) & (e) of the IBBI (Liquidation Process) Regulations, 2016 **which provides for sale of assets in a slump sale and sale of the corporate debtor as a going concern**, in the manner as laid down in Chapter III under Part II of I&BCode, 2016.
- b. The Corporate Debtor to be liquidated in the manner as laid down in Chapter III of the I&BCode by issuing a Public Notice stating that the Corporate Debtor is In liquidation with a direction to the

Liquidator to send this order to RoC under which this Company has been registered.

- c. This Tribunal will appoint liquidator by a subsequent order for the purpose of liquidation with all powers of the Board of Directors, key managerial personnel and the partners of the Corporate Debtor shall cease to have an effect and hereby vested in the Liquidator. Let consent be obtained from any competent Insolvency Professional other than the current Resolution Professional to act as a Liquidator. The personnel of the Corporate Debtor are directed to extend all co-operation to the Liquidator as may be required by him in managing the affairs of the Corporate Debtor. The Insolvency Professional appointed as Liquidator will charge fees for conduct of the liquidation proceedings in proportion to the value of the liquidation estate assets as specified under Regulation 4 of Insolvency and Bankruptcy (Liquidation Process) Regulations, 2016 and the same shall be paid to the Liquidator from the proceeds of the liquidation estate under Section 53 of the I&BCode.
- d. The maximum period applicable for trying the sale on a going concern basis of the Corporate Debtor will be only six months from the date of the order. In case the efforts to sell the company as a going concern fails during the stipulated period of six months, then the process of the sale of the assets of the company will be undertaken by the liquidator as prescribed under Chapter- III of IBC, 2016 and the relevant regulations of IBBI.
- e. Since this liquidation order has been passed, no suit or other legal proceedings shall be instituted by or against the Corporate Debtor without prior approval of this Adjudicating Authority save and except as mentioned in sub-section 6 of Section 33 of the IBC.
- f. This liquidation order shall be deemed to be notice of discharge to the officers, employees and workmen of the Corporate Debtor except to the extent of the business of the Corporate Debtor is continued during the liquidation process by the Liquidator.
- g. The moratorium declared vide order of this Tribunal shall cease to exist.

Designated Registrar directed to obtain the consent of the Liquidator immediately and put up the file on Dt. 9.5.2019 for the appointment of liquidator.

Given the order passed by the Hon'ble High Court of Bombay, dated 30.04.2019 the above order shall not be given effect till 10th May, 2019. Till the appointment of Liquidator by this Tribunal the Resolution Professional should make an arrangement so that the corporate debtor should remain a going concern.

Copy of the order may also be sent to the Union of India, Ministry of Corporate Affairs and IBBI for information by email.
